

ECT Signal Isolator and Converter

Model: **ECT/0-10V/4-20mA/117AC [DIN]**

ECT DIN-style signal isolators, converters, repeaters, boosters and splitters feature solid metal housings that stand up to the continuous, daily rigors of process control and factory automation applications

Product Details

Input	0-10V
Output	4-20mA
Power	117AC
Input Description	0-10V
Output Description	4-20mA
Power Description	4-Wire, 117VAC Line/Mains Powered
Housing Description	Universal DIN-style housing, 32mm G-type and 35mm Top Hat
HART Signal Pass-through Capability	No
For use in Safety Instrumented Systems (SIS)	No
Number of Inputs	1
Input Type	0-10V
Number of Outputs	1
Device Power	4-Wire, 117VAC Line/Mains Powered
Integral Display	No
Alarm/Relay Output	No
Configuration/Setup	Fixed Input/Output
Enhanced RFI/EMI Immunity	No
Housing/Enclosure	DIN Rail Enclosure
2" Pipe Mount Bracket	No
Hazardous Area Certifications	UL Approved, Non-Incendive/Div. 2, Zone 2
RoHS Compliant	Yes
