

EMM Ethernet/MODBUS Interface Module

Model: **EMM/COM/SM/20-30DC [DIN]**

EMM Ethernet/MODBUS Interface Module. The Multipoint Analog Alarm option is now available. The EMM is part of the NCS Net Concentrator System. Other NCS modules include: AIM, AOM, CPM, DIM, ROM, TIM.

Product Details

Input	COM
Output	SM
Power	20-30DC
Input Description	Communication Module
Output Description	Up to 16 Input/Output Modules
Power Description	20-30DC
Housing Description	DIN-style housing mounts on 35mm Top Hat DIN-rails
Communication Protocol	MODBUS RTU, MODBUS/TCP, OPC, Web Server
Device Power	24VDC
Physical Layer	Ethernet, RS-485, Shielded Twisted Pair
Network Type	NCS System, Peer to Host (I/O directly connected to host system), Peer to Peer (I/O connected directly to I/O)
Math or Logic Capability	Yes
Housing/Enclosure	DIN Rail Enclosure
Hazardous Area Certifications	Non-Incendive/Div. 2, Zone 2
RoHS Compliant	Yes
